Challa ki labh da phire, Challa ki labh da phire
Yaaron oda ghar keda? lokan ton puchda phire
Wanderer, mad with love, What do you search for.
Asking people far and wide, Where the one does reside.

Challa hansda phire, Challa rounda phire
Challa gali gali rulda phire
Challe tu sab da, Challe tera koi nahi
Challa gali gali rul da phire
Challa ki labh da phire, Challa ki labh da phire
Yaaron oda ghar keda? lokan ton puchda phire
You roam the streets, end to end,
You laugh, you cry,
You urge every passerby,
Hiding the hurt in your smile
that you belong to all the world
Yet no one is yours to hold

Wanderer, mad with love, What do you search for.
Asking people far and wide, Where the one does reside.
Rang satrangi de bulbula di boli
Dhoop de pair jale, chhavaan di lai lai doli
Hoye kaale kaale badalan â€” ch chand labh da
Goongiyan hawa va diyaan waaja sunta
Yaaro aas-paas wasda ai yaar mera

Dikhda ni ohdiyaan khusbuaan sungda
The colours of the rainbow converge in her eye
Her voice is as pure As the bulbulaâ€™s cry

Your feets are burning as you walk in the flery sun, take shelter
Through every blackened cloud you try to find the furtive white moonlight
You even hear a gentle lilt In the soundless stirring of the wind
You tell all thouse looking on that your lover lives close by

Your gaze deceives itself your way, Her scent is wrapped around your soul
Naa visaal hoya kadi na judai hoi
Ishq de gaidi ki naa rihaai hoi

Lokon sufne â€” ch milne da wada usda
Saari saari raat na akh lagdi
Mere saa vi thode thode ghat aaunde
Meri nabz vi thodi ghat wajdi

Challa ki labh da phire, Challa ki labh da phire
Yaaron oda ghar keda? lokan ton puchda phire
note: This para is not translated by Shahrukh Khan
A union has never happaned nor the separation
Prisioner of love never has the release
She promised to meet you in the dreams
But you couldnâ€™t fall asleep whole night
My breath also shallowed a bit
My pulse also slowed a bit

Wanderer, mad with love, What do you search for.
Asking people far and wide, Where the one does reside.
Challa hansda phire, Challa rounda phire, Challa gali gali
rulda phire

Challe tu sab da, Challe tera koi nahi
Challa gali gali rul da phire
Challa Challa ki labh da phire
Challa ki labh da phire, Challa ki labh da phire
You roam the streets, end to end, You laugh, you cry,
You urge every passerby, Hiding the hurt in your smile
that you belong to all the world
Yet no one is yours to hold
Wanderer, mad with love, What do you search for?
