Diamonds and gold  
Mehndi and Bangles  
So beautiful  
She moves like an angel Dance like she donâ€™t got a  
care in the world like\*  
Eh le le le le, le le le lo..Flames reachinâ€™ high  
But canâ€™t touch the fire  
Catchinâ€™ her eye  
Her burning desireShe know she got it  
When she sing her song like  
Eh le le le le, le le le lo..Look up at the sky  
The stars diamond shine all alone Tonight is the night  
Take a deep breath  
Let it goâ€™!  
Eh le le le le, le le le loâ€™!(ARJUN)  
Blasting the night  
The rhythm takes over  
Dreams in her eyes  
Keep driving him closerExotic Hypnotic she knows  
Heâ€™s about to move up on her  
She got it, she got it  
God knows he canâ€™t hold back no longerDancing so close  
The temperature is rising  
She just donâ€™t know  
How sexy that smile isShe knows sheâ€™s got it  
When she sings the song like  
Eh le le le le, le le le lo..Look up at the sky  
Stars never shine all alone  
No.. Tonight is your night  
Just take a deep breath  
Let it goâ€™!Eh le le le, le le le lo..  
Eh le, eh le, eh le lo..No..Girl, youâ€™re one of a kind  
I know youâ€™re feelinâ€™ the vibe  
Just give me tonight  
Itâ€™s the way that you smile  
Baby, Iâ€™m losinâ€™ my mind (x2)Shinin like gold  
So shine alone  
Shinin like gold  
Woahâ€™!Let it go.. no..  
Eh le le le, le le le lo..
