Khudi ko kar buland itna  
Ke har takdir se pahle  
Khuda bande se khud puche  
Bata teri raza kya hai  
Hai badhke farishto se bhi  
Insan teri shan  
Khud ko jara pahchan  
Tu khud ko jara pahchan  
Hai badhke farishto se bhi  
Insan teri shan  
Khud ko jara pahchan  
Tu khud ko jara pahchan  
Is dunia me tune hi  
Liya nam khuda ka  
Liya nam khuda ka  
Laya tha jami par tuhi  
Paygam khuda ka  
Paygam khuda ka  
To usko khuda kahta  
Agar hota na insan  
Agar hota na insan  
Hai badhke farishto se bhi  
Insan teri shan  
Khud ko jara pahchan  
Tu khud ko jara pahchan  
Rote hue mohtazo  
Yakimo ko hasa de  
In bujhte charago  
Ko sakhawat se jaga de  
Ek hath se agar  
Apne lutayega khazane  
Lutayega khazane  
So hath se malik  
Tere bhar dega khazane  
Tu inka nigeba  
Khdua tera nigeba  
Lutayega khazane  
Hai badhke farishto se bhi  
Insan teri shan  
Khud ko jara pahchan  
Tu khud ko jara pahchan  
Anjam tera tere hi  
Hatho me hai nadan  
Khud ko jara pahchan  
Tu khud ko jara pahchan  
Hai badhke farishto se bhi  
Insan teri shan  
Khud ko jara pahchan  
Tu khud ko jara pahchan  
Mathe se siya dag  
Gunaho ke mita de  
Gunaho ke mita de  
Neki ke diye gum ke  
Andhere me jala de  
Andhere me jala de  
Do din ki khushi ke liye  
Tu bech na iman  
Tu bech na iman  
Hai badhke farishto se bhi  
Insan teri shan  
Khud ko jara pahchan  
Tu khud ko jara pahchan  
Jannat na pirona na yaji  
Nadido ke liye hai  
Allah ka ye ghar to  
Sahido ke liye hai  
Hai waqt sambhalne ka  
Sambhal ja are nadan  
Sambhal ja are nadan  
Hai badhke farishto se bhi  
Insan teri shan  
Khud ko jara pahchan  
Tu khud ko jara pahchan.
