If you want to be a popstar bollywood  
You got to dress like a fool from hollywood  
What you know about the music does not matter a lot  
But you got to look sexy hip and hop  
Hindi bolana hai toh firangi bol  
Sing whatever you want, but with the dhol  
You want a hit song, there is a simple way  
Start the way you want, but end with maahive maahive  
When your song is a hit, you get a lot of shoes  
What you do there actually nobody knows  
They pay for singing and ask you to mime  
Not singing is ok, but no dancing is a crime  
There is a musical cheer with no musicians  
When half naked chicks show temptations  
You want a hit show, there is a simple way  
Start the way you want, but end with maahive maahive  
If you speak like a good its a style adude  
If you are moody and rude its very good  
Tum din ko raat kaho toh raat hain  
You will fought in mind to say kya baat hain  
When they put you there you gez as long you see  
Your name would change and then end with g  
You wanted to follow whatever you say  
Start the way you want, but end with maahive maahive  
And you realize your son is zole  
Your music under access is not being sold  
Popstar bollywood some one new  
And the lifetime achievement award is for you  
Get it go go go  
Dont worry just chill you have done a lot  
Just forgot to make music but so what  
So you wanna stop there is a simple way  
Care f... all the rules and listen maahive maahive.....
