Pehle soch lo hosh khona hai
Phir toh saath mein hi bas jashn karna hai
Sapno ko jaane hi de yaar, jaane kal ko hona hai kya
Its time to have some fun, iss pal ko khona na
Lets start start start the party
Come on come on every one, lets start start start the party
Kiska intzaar hai, start start start the party
Come on come on every one, lets start start start the party
Kare thoda thoda thoda sa maja
Dekho yuun hai jama mehfilon ka rang
Aise mein jara sa jhumon sang sang
Iss pal mein ho dhamaal, ik pal ko bhi hum na ruke
Come on let take the floor bas jhumate rahe
Lets start start start the party
Come on come on every one, lets start start start the party
Kiska intzaar hai, start start start the party
Come on come on every one, lets start start start the party
Kare thoda thoda thoda sa maja
Nash lo isaka karo aankhein band jo ho pasand, maja lo isake
Mauj masti kar lo saari, come on now lets start the party
Mauka aata hai na yeh baar baar, rukna abb hai kaisa start the party yaar
Ho jaaye na kahi yeh jash late, now its time for us to celebrate
Start, lets start the party
Lets do it, start, lets start the party
Everybody now, start, lets start the party
Lets do it, start, lets start the party
Start start start the party
Come on come on every one, lets start start start the party
Kiska intzaar hai, start start start the party
Come on come on every one, lets start start start the party
Kare thoda thoda thoda sa maja
Lets start start start the party
Come on come on every one, lets start start start the party
Kiska intzaar hai, start start start the party
Come on come on every one, lets start start start the party
Kare thoda thoda jara jara dekho dekho kaha kaha naya naya maja hai chhupa
