Now this one reaching out to all the lovers who might be thinking of breaking up..huh!
or maybe, making upâ€¦ check it!
I missed a part of you I canâ€™t get back.
Donâ€™t be a silly nilly.
Iâ€™m always here for you,
Through the thick and thin not just because we argue. See I wanted to be true, but I canâ€™t do that.
why not, whatâ€™s stopping you? Donâ€™t be preposterous.
Iâ€™ve got a lot of love, not just a lot of lust.
If I only wasnâ€™t a fool, Iâ€™d be loving.
Well thatâ€™s your own opinion, and youâ€™re entitled to it.
Iâ€™ll be lost in oblivion, if we donâ€™t continue through it. Thereâ€™s nothing wrong with you I canâ€™t fix
I come a runninâ€™ with my little bag oâ€™ tricks.
In an emergency Iâ€™m very well prepared.
My scapel, mask and gloves; dont ever get too scared Oohooo, youâ€™re a Miracle Worker.
Oohooo, youâ€™re a surgon of love. [you have a medical condition]
Oohooo, canâ€™t wait to fix me up.
And I promise Iâ€™ll be back again, if you work your miracles on me. Your mentality was fresh, it touched my
soul.
Invigorating and refreshing, and intresting, and it feels right.
My heart was drowing in stress, but you brought out the best in me
Love has a tendenct, so Iâ€™ve been told, and so it seems like. My love and laser will regenerate your heart.
No need for anesthetics, Iâ€™ll go check your charts.
I will reshape you, recast you from the mold.
A brand new beautiful woman will blossom from the old Oohooo, youâ€™re a Miracle Worker.
Oohooo, youâ€™re a surgon of love. [you have a medical condition]
Oohooo, canâ€™t wait to fix me up.
And I promise Iâ€™ll be back again
if you work your miracles on me. Oohooo, youâ€™re a Miracle Worker.
Oohooo, youâ€™re a surgon of love. [you have a medical condition]
Oohooo, canâ€™t wait to fix me up.
And I promise Iâ€™ll be back again
if you work your miracles on me.
