I miss you have not u need
Close to me baby, holding me
I m alone in the morning for you la
Hear my voice baby
I want to feel u, i want to feel u
Can you heel me now can you heel me
Formity in your arms i am need you
I m so alone,i am alone
Tere bina jee na lage,gin gin ke pal ye din kate
Kuch bhi acha nhi lagta tere bina
Come back to me
You r my motivation,expression,consontration
Come back to me
You r my motivation,expression,consontration
Come back to me
Subah ka chadna, shyam ka dhalna,
Bin tere din din na lage
Chand ka chalna, taro ka jalna
Bin tere jhilmil na kare
Hu tujhse hi to har sawera mera
Tu hi chandani din raina mera
Come back to me
You r my motivation, expression,consontration
Come back to me
You r my motivation, expression,consontration
Come back to me
Kya jane kaise ham tum se pahle, jeete rhe ye jindagi
Na koi chahat na dil ko rahat na khud ke hone ka yakin
Hun tere ane se dil dhadakne laga,
Mohabbat me teri tadpane laga
Come back to me
You r my motivation, expression,consontration
Come back to me
You r my motivation, expression,consontration
Come back to me
Tere bina jee na lage,gin gin ke pal ye din kate
Kuch bhi acha nhi lagta tere bina
Come back to me
You r my motivation, expression,consontration
Come back to me
You r my motivation, expression,consontration
Come back to me
I miss you have not u need
Close to me baby, holding me
I m alone in the morning for you la
Hear my voice baby
