Will you be my lady, will you be my lover
Will you be the one love, always and forever
Will you be the sun light, wake me in the morning
Will you be the star shine, touch me when i' m dreaming
Will you be my lady, will you be my lover
Will you be the one love, always and forever
Will you be my lady, will you be my lover
Will you be the one love, always and forever
Will you be the sun light, wake me in the morning
Will you be the star shine, touch me when i' m dreaming
Will you be my lady, will you be my lover
Will you be the one love, always and forever
When your friends surround you, i' ll be your laughter
When the party' s over, i' ll be there after
When you' re feeling down girl, i' ll be your sorrow
When your day is over, i' ll be tomorrow
Will you be my lady, will you be my lover
Will you be the one love, always and forever
When your eyes are smiling, i' ll be the reason
King of you heart girl, right through all the seasons
When your world is lonely, i' ll be your shadow
When your day is over, i' ll be tomorrow
Will you be my lady, will you be my lover
Will you be the one love, always and forever
Sajana.... kaahe nahin aaye... -2 sajana
When your feeling lonely, i' ll be your shadow
When your day is over, i' ll be tomorrow
Will you be my lady, will you be my lover
Will you be the one love, always and forever
Will you be the sun light, wake me in the morning
Will you be the star shine, touch me when i' m dreaming
Will you be my lady, will you be my lover
Will you be the one love, always and forever
