Yeh kaun aaya roshan ho gayee mahafil kis ke naam se  
Mere ghar me jaise suraj nikala hain shaam se  
Yaade hain kuchh aayee see, ya kirne laharaayee see  
Dil me soye gito ne lee hain phir angadaayee see  
Armaano kee madira chhalakee, aakhiyo ke jaam se  
Aahat pe halakee halakee, chhatee dhadake paayal kee  
Har goree se naa musaka, yeh lahare puchhe aachal kee  
Chhupake chhupake radha koyee puchhe apane shaam se  
Kya kahiye iss aane ko, aaya hain tarsane ko  
Dekha usane has has ke, har apane begane ko  
Lekin kitna beparwa hai, mere hee salaam se
